

# Botswana BirdLife Calendar Newsflash!

## '2010 in Botswana's Important Bird Areas'

For 2010 BirdLife has created three styles of time management companions to help keep track of the year and its activities. This year our theme is on the twelve designated 'Important Bird Areas' of Botswana.

As before we have incorporated space for company logos and/or by-line (available for orders of 50+), This way our BirdLife Calendar makes an ideal marketing tool and end-of-year gift to suppliers and clients. BirdLife Calendars are ideal and practical souvenirs for visitors/tourists to take away either for themselves or as gifts.

Buying BirdLife Botswana calendars will contribute significantly to the conservation of our environment and preservation of one of Botswana's most spectacular assets: its birds. Your support is greatly valued.
