ROBLOX also allows people to manipulate the games in an unfair way; they can do this by changing the difficulty level of a game or removing potential players from playing a game. They also can sell cheat codes on their website. This is similar to the "scams" created by advertisers in that they are selling cheats for an unfairly high price (such as \$2.50 USD) so that only people who pay will be able to use the code to cheat or hack the game. However, this is an unfair way of making money.

I just wanted to let the readers know that Roblox is not a bad thing for children to play. It teaches them a lot of skills that will help them in the future. It teaches them how to be helpful, creative, and patient. I am writing about Roblox today because I am fairly new to the game and am trying to get used to it. I have had Roblox for about 6 months now, and I am sort of over it. However, I really love the game. It is a creative game where you can design an avatar and have a house to decorate. I just wanted to write this because I know there are a lot of people who have been searching for my story on Roblox. Everyone has their own opinions on the game, but as soon as I found out that my parents were coming to visit me on Friday, I found out that they were going to be seeing where I spend most of my time playing games online: namely <https://www.roblox.com/>. I was very and extremely shocked that I hadn't clicked on the site before this - it means I really could have been playing the game for a lot longer. A lot of my friends have played this game and now I'm starting to understand why they say it's such an addicting game! I am writing about Roblox today because I am fairly new to the game and am trying to get used to it.
