I downloaded Robloxian Life from the App Store (it is free). After creating my character, I found myself in an unfamiliar location. There were trees everywhere! No sidewalks or buildings to view through my character's eyes. I began to look around for landmarks so I could find my house. Soon, I found it. An old abandoned house; the perfect place for me to live and work in the game! There were no other houses around, so I thought this one was mine! It wasn't long after my character had moved in that another player decided to move into my house. They didn't like my treehouse. They wanted to build a new house where there were trees and nobody could see inside. I thought it was a great idea! The next day, they created a new building and started working on an addition to the house themselves. Soon enough, our houses were completely different from each other; each one had its own unique features and decorations. After a couple days, I decided as the "host" of both houses that I wanted to make them look alike. I bought my friend's house and used the money to buy some items and paint to change his house into mine. The next day I was playing Robloxian Life, only to find out that my new house had been destroyed by one of my friends during the night. He asked me why I had changed his home. He said he liked his original house better than mine. Somehow, he managed to get at my items and destroy everything I had built in one night. I had no choice but to remove him from the game. I never really wanted to keep the house he destroyed, so I got it demolished and sold.
